BEL Resumes Services Following Assurances from the PUC

Belize Electricity Limited (BEL) has received assurances from the Public Utilities Commission (PUC) that the Company will not be penalized for exceeding the limit imposed on capital investments as a result of satisfying reasonable request for the provision of electricity services. The PUC also assured BEL that the Company is allowed to make all reasonable investments required to adhere to the conditions of its license subject to vetting by the PUC.

With these assurances BEL has resumed connections of new services with immediate effect.
