BEL Restores Power to Western and Southern Zones

At 12:08 a.m. today, power supply was lost to the southern and western zones of the country following a trip on the Western Transmission Line.

At 2:05 a.m., BEL restored power to the southern zone; by 2:57 a.m. to San Ignacio Town and surrounding areas and by 5:52 a.m. to the City of Belmopan. BEL investigations have determined that the trip resulted from a broken cross arm on the system. Work crews are currently in the field conducting the necessary repairs.

BEL regrets any inconvenience that was caused by this power outage. For more information kindly call 0-800-BEL-CARE (0-800-235-2273).
