### **BEL Restores Power to a Portion of Feeder 4 in the Orange Walk District**

BEL has restored power to a portion of Feeder 4 in the Orange Walk District, following an outage at 9:55 a.m. today that was caused by a fault at the Orange Walk Substation.

Power was restored to Yo Creek and those areas up to Progresso Village by 1:10 p.m., while the villages of Blue Creek and Cuatro Leguas remain without power supply as crews continue their investigation into the cause of the trip to that section of the system.

The Company anticipates that the fault will be identified shortly, as flood waters have impeded the progress of work crews. Power is expected to be restored by 9:30 p.m. today.

BEL regrets any inconvenience caused by this outage. For more information call 0-800-BEL-CARE or 0-800-235-2273.
