

REQUEST FOR PROPOSALS (RFP)

Generation Scheduling & Dispatch Project

The purpose of this **Request for Proposals (RFP)** is to solicit proposals from vendors to provide software products and services. This includes all necessary hardware that will enhance the Company's ability to schedule and dispatch electricity generation and energy resources, available both in and out of country, to meet demand, while maintaining a reliable and stable transmission grid.

This RFP is intended for vendors who are suppliers of functions used specifically to support electric utility grid operations. Vendors responding to this RFP shall bear all expenses incurred in preparation and submission of their proposals.

The RFP document, which outlines the project purpose, scope, timeline, proposal evaluation and criteria, is available on BEL's website at www.bel.com.bz/Tenders.aspx

Response to this RFP must include the bid # provided on the bid form and should be submitted via email to bidsubmittal@bel.com.bz no later than **3:00 p.m. local time on Friday, December 15, 2023.**

For more information or queries, send email to
bidboxrequest@bel.com.bz

Cost incurred for preparation of the tender document is the sole responsibility of the bidder. The lowest or any tender will not necessarily be accepted.
