## **BEL Works to Restore Power in the City of Belmopan**

Belize Electricity Limited (BEL) advises customers that an unscheduled power interruption is currently affecting the **entire City of Belmopan since 7:00 a.m. on Monday, July 14, 2014.**

BEL crews have been dispatched and are working to restore power supply to the area. The interruption in power supply is due to major equipment failure at the substation serving the area.

The outage is expected to extend beyond 3:00 p.m. today.

An assessment of the situation will be done at midday, at which time another update will be provided.

BEL apologizes for any inconvenience caused by this unscheduled power interruption.
