## **BEL Employees Deliver Christmas Hampers to Deserving Families**

Employees of Belize Electricity Limited today commenced distribution of thirty-four Christmas hampers to families across the country as part of an annual tradition.

BEL employees made monetary contributions towards the Christmas Hamper Drive and Christmas Morning Breakfast initiatives, which are also funded by the Company.

The hampers, valued at a total of \$5,000, are being delivered in Dangriga, Belmopan, Caye Caulker, Punta Gorda, San Ignacio, Independence, Belize City and several rural areas. The hampers contain the main ingredients for a traditional Christmas meal, including ham, turkey, rice, beans, sugar, flour, butter, eggs, salad dressing, vegetables and soft drinks. Gifts were also included for children under twelve years.

On Christmas morning, employees will serve breakfast to residents of Sister Cecilia Home, Raymond Parks Shelter and homeless persons in Belize City; and distribute toys to disadvantaged children.
