

# Kite Flying Safety Tips

## ALWAYS

Use paper, plastic or wood to build kites.

Fly kites in open areas, in dry weather and with clear visibility.

Call BEL at 0-800-235-2273 if your kite gets caught in a power line.

## NEVER

use wire, metallic thread or wire-reinforced strings you could be electrocuted.

## NEVER

fly kites near power lines, in the path of traffic, aircrafts or near highways.

## NEVER

attempt to remove your kite from a power line.
