Belize Electricity Limited Hosts CARILEC Human Resources and Public Relations Conference

Belize Electricity Limited (BEL) is this week hosting the Caribbean Electric Utility Services Corporation (CARILEC) 2015 Human Resources and Public Relations Conference under the theme *“Achieving the Synergies: Corporate Leadership, PR and HR”*.

CARILEC is an association of electric utilities, suppliers, manufactures and other stakeholders operating in the electricity industry in the Caribbean¹. The aim of the conference is to allow for the information sharing and networking of Human Resources, Public Relations and Corporate Communications professionals from the region.

BEL is thoroughly embracing the opportunity to network with CARILEC members and local participants of the conference.

BEL's Chief Executive Officer, Mr. Jeffrey Locke, who is also a Director on the CARILEC Board, says “BEL remains committed to being a fully functioning member of CARILEC, as Belize is also committed to CARICOM and other regional organizations. This week's conference is a clear testament to this mutual commitment as we recognize that, despite our differences, we share more than a common heritage”.

Local and regional presenters are delivering on a range of topics which are relevant to enhancing the functions of HR and PR professionals and achieving the synergy of the two functions. Participants represent CARILEC member utilities from across the Caribbean and those from Belize's private and public sector.

The conference is being held from Sunday, March 15 to Friday, March 20, 2015, at the Radisson Fort George Hotel in Belize City.

¹ Currently, CARILEC comprises a total of one hundred (100) members. This includes thirty five (35) Full Members that are electric utilities and fifty nine (59) Associate Members that are companies involved in some aspect of servicing the electric utility business and six (6) Affiliate Members.
