BEL and Employees Gift Over 600 Families and the Elderly Countrywide with Christmas Hampers

Our Annual Christmas Hamper Drive tradition of over 20 years continues this year with Belize Electricity Limited (BEL) and employees gifting over 600 families and the elderly with essential groceries and the items needed for a traditional Christmas meal.

Understanding the challenges that many continue to face due to the pandemic, the contents of the hampers provide for the basic needs of recipients into the New Year.

462 deserving families and 150 elderly countrywide received hampers and care packages purchased through contributions made by both employees and the company.

Several community organizations countrywide have been assisting with distributions over the past three weeks.

Our BEL Family remains grateful for the opportunity to continue serving communities across Belize and is thankful for the support from our community partners with our outreach activities.
