## BEL Launches Electric Vehicle Charging Station Ecosystem Pilot Project

Today, Belize Electricity Limited unveiled the first charging station in its National Electric Vehicle (EV) Charging Station Ecosystem. It is the first of twelve that will be installed in strategic locations across the country as part of a pilot project for commissioning EV charging stations.

Key partners in the EV Ecosystem were present at the event, including Government representatives Hon. Michel Chebat - Minister of Public Utilities, Logistics and E-governance, Hon. Rodwell Ferguson - Minister of Youth, Sports and Transport and Hon. Christopher Coxe - Minister of State in the Ministry of Finance, Economic Development & Investment, the automotive industry, representatives of municipal government, and partner agencies.

**BEL's National EV Charging Station Ecosystem was launched at the Biltmore Plaza, which hosts the first of twelve charging stations of the pilot project.**

This initiative is designed to support and accelerate the electrification of transportation and the modernization of the energy sector as part of a clean vision for Belize. It will also allow BEL to deliver on its mission of delivering safe, reliable and sustainable energy solutions to enhance the quality of life and the productivity of enterprise and to support national development.
